It's a real shame about the lack of Windows 10 support for JamManager. It's a real shame about the lack of Windows 10 support for JamManager. Digitech JamMan Stereo " Thomann UK - The DigiTech JamMan Solo XT is the looper I've wanted since the 90s, back when I started playing, but could never have existed due to the limitations of digital technology at the time. If you managed to get a delay or looper with more than a few seconds of memory back then you'd have paid insane amounts of money and it would not have been easy to use by any means.
